

SPONSORSHIP & PARTNERSHIP PROPOSAL

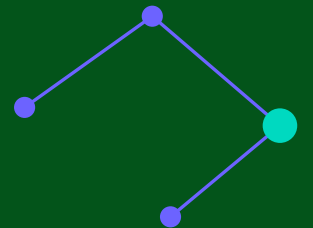

Grow with AI

Driving Sustainable Innovation through Data and Artificial Intelligence

5th September, 2026

Ado-Ekiti, Nigeria

ABOUT THE EVENT

Empowering Ado-Ekiti's data science community

Grow with AI brings together students, professionals, researchers, and enthusiasts to explore how data and artificial intelligence can build impactful, real-world solutions. As AI reshapes the field, this event helps the community stay ahead through expert-led sessions, hands-on workshops, and meaningful collaboration.

L

Learn

Emerging tools & best practices in data and AI

B

Build

Hands-on workshops and real-world problem-solving

C

Connect

Networking across students, pros, and researchers

G

Grow

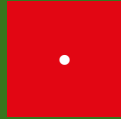

Skills and solutions for local and global challenges

A fast-moving field needs a community that moves with it

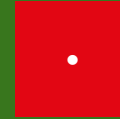

AI is reshaping data science

New tools and techniques are changing how practitioners work, faster than most training can keep up.

Local talent needs a global edge

Ado-Ekiti's growing tech community deserves direct access to modern practices, not just theory.

Community drives innovation

Shared learning, mentorship, and collaboration turn individual skill into collective progress.

WHO ATTENDS

A curated, high-quality gathering — not a crowd

Grow with AI is intentionally kept intimate so every attendee gets real access to speakers, mentors, and partners — not lost in a crowd. This means your brand gets genuine, high-attention exposure rather than passive visibility.

- Students
- Researchers
- Working professionals
- Data & AI enthusiasts

UNDER

100

curated attendees

Organised in partnership with EKSU's data science community

What's happening on the day

1

Expert-Led Sessions

Talks from practitioners on modern data science and AI practice.

2

Hands-On Workshops

Practical, skill-building sessions attendees can apply immediately.

3

Project Showcase

An exhibition of real AI/data projects — a direct window into local talent.

4

Networking

Structured space for attendees, speakers, and partners to connect.

SHOWCASE SPOTLIGHT

Where partners meet the next generation of builders

The Showcase exhibits real AI and data projects from students and community members — a natural stage for partner branding, prizes, and early access to emerging talent.

Tiers of support

TITLE PARTNER	₦300,000+ or full cost coverage	Top billing on all materials • Speaking slot • Exclusive shoutout • Premium exhibition space • First choice on branding
GOLD PARTNER	₦150,000 – ₦299,000	Logo on key materials • Social media features • Exhibition booth • Opening/closing mention
